Assess how the jurisdiction's use of funds, particularly CDBG, addresses the priorities and specific objectives identified in the plan, giving special attention to the highest priority activities identified.

The City of Urbana's Community Development Block Grant funds have been specifically targeted towards the priorities and objectives identified in the City of Urbana's FY 2020-2021 Annual Action Plan to benefit low- and moderate-income residents. The first goal noted on the Plan under section AP-20 is to provide decent affordable housing opportunities. CDBG funds have been leveraged to advance this goal through rehabilitation of the homes of low-income owner-occupants and transitional housing rental units for homeless families. HOME funds are used throughout the Consortium geography to develop new homeownership units for sale to low-income homebuyers and assist low-income homebuyers with down payment, while tenant-based rental assistance funds are used to ensure that households in need of funding assistance are able to maintain housing. The HOME funded whole-housing rehabilitation program also helps in this regard by bringing single-family houses occupied by low-income households up to code.

The second goal noted on the Plan is to preserve the existing affordable housing supply. This goal is primarily advanced through the CDBG-and HOME funded housing rehabilitation activities. Further goals call for the City to address barriers to affordable housing and preserve Consortium neighborhoods, both of which have been furthered by the use of CDBG funds through rehabilitation, neighborhood cleanup activities, and demolition activities. The goal of supporting services and training for low-income persons has also been supported through funding financial education programs with Habitat for Humanity. Coordination with the Housing Authority of Champaign County (HACC) was accomplished through collaboration on new permanent supportive housing units at Pinewood Place in Urbana and the construction of Bristol Place. Staff from the cities of Urbana and Champaign regularly attend HACC Board meetings. The Mayors of Urbana and Champaign appoint Board members to the HACC Board of Commissioners. The Urbana HOME Consortium supported the rental development of Pinewood Place by being a partner on the development team. Pinewood Place is a new Permanent Supportive Housing complex in Urbana with anticipated completion in the spring

OMB Control No: 2506-0117 (exp. 09/30/2021)

of 2021. The development proposes adding 25 units to the affordable housing stock. The support of homeless needs was accomplished by operating transitional housing units using CDBG funds. CDBG funding was allocated in the City 's capital improvements plan toward infrastructure development in the CD target area.

CDBG funds were consistently expended throughout the program year on rehabilitation projects, demolition activities in support of the abandoned properties program, public service activities, and other projects, as well as for administration support and project delivery. HOME funds were similarly expended to reimburse eligible costs related to new single-family home construction, TBRA, and rehabilitation activities, as well as administrative costs and project delivery. All programs are offered based on location and need.

Narrative

The majority of the non-public service CDBG funds were expended on projects that met the area benefit national objective category through investment in the City's low/moderate-income Community Development Target Area, consisting of Census Tracts 53, 54, 55, and 56. A significant portion of the public service funds were also committed to projects in the Community Development Target Area, such as the neighborhood infrastructure activities.

Urbana's allocation of HOME funds are commonly expensed in the target area as well, especially expenses related to the Whole House Rehabilitation Program, which specifies that applicant households must be located in the Community Development Target Area. A sizeable portion of the HOME CHDO funds expensed on new construction of affordable housing are also invested in the target area. TBRA

Leveraging

Explain how federal funds leveraged additional resources (private, state and local funds), including a description of how matching requirements were satisfied, as well as how any publicly owned land or property located within the jurisdiction that were used to address the needs identified in the plan.

CDBG funds are typically used to defray remaining costs following demolition activities undertaken as part of the Abandoned Properties Program (APP). During this fiscal year, CDBG funds were used to assist in the demolition of one property.

The City of Urbana/Cunningham Township Consolidated Social Service Fund is funded partly with City/Township funding and partly with CDBG funding.

The City of Champaign uses local funding on some acquisition-rehabilitation projects that are primarily HOME-funded, and also uses local funding to support affordable housing and community development initiatives. As a subrecipient of the Urbana HOME Consortium, Habitat for Humanity uses HOME entitlement and CHDO funds to leverage additional funding from the community.

All members of the Urbana HOME Consortium meet matching requirements through either cash match or match credit. Habitat for Humanity of Champaign County provided the Urbana HOME Consortium with a surplus of matching funds through contributions of non-Federal funds on each of their projects, volunteer hours, donated materials, and sweat equity from the homeowners towards match.

Total	**35**	**0**

Table 12 – Number of Households Supported

Discuss the difference between goals and outcomes and problems encountered in meeting these goals.

The one-year goal for providing affordable housing units to homeless households was not met because the City of Urbana and Urbana HOME Consortium primarily used HOME and CDBG funding for permanent affordable housing development, TBRA, and owner-occupied housing rehabilitation. However, the City of Urbana received ESG funds through the State of Illinois to provide emergency shelter for the homeless. Other HUD- and locally-funded programs are currently being leveraged to provide affordable housing opportunities for homeless households.

OMB Control No: 2506-0117 (exp. 09/30/2021)

Discuss how these outcomes will impact future annual action plans.

Future annual action plans will require an adjustment in the expected number of housing units for homeless and special needs households to reflect a realistic goal based on funding, staff and community capacity.

Include the number of extremely low-income, low-income, and moderate-income persons served by each activity where information on income by family size is required to determine the eligibility of the activity.

Narrative Information

Recent trends and prioritization patterns have played a significant role in the outcomes shown in this section. As such trends and preferences change to meet shifting needs, the result of CDBG and HOME investments will likely shift over time as well.

The City of Urbana is actively taking steps to alleviate the "worst case housing needs" experienced by Urbana residents. In particular, the City of Urbana is subgranting State ESG funds to local emergency shelters that are experiencing a funding gap, but are not able to apply for at least $25,000 from the State of Illinois. Acting in this capacity helps to provide much needed gap funding to emergency shelters, and allows smaller shelters to build capacity.

The City of Urbana has also undertaken other actions to foster and maintain affordable housing, such as supporting developers in their application for Low-Income Housing Tax Credits for the Pinewood Place development in Urbana and the proposed development at Lincoln and Bradley. Pinewood Place is a supportive housing providing 25 units to persons with disabilities

CR-25 - Homeless and Other Special Needs 91.220(d, e); 91.320(d, e); 91.520(c)

Evaluate the jurisdiction's progress in meeting its specific objectives for reducing and ending homelessness through:

Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

The City of Urbana HOME Consortium consistently works with agencies that serve the homeless population to assess and meet their needs. Staff from the City of Urbana, City of Champaign, and CCRPC regularly attend meetings of the Champaign County Continuum of Service Providers to the Homeless (CSPH) to hear the needs of agencies that serve the homeless directly. Staff from CCRPC, City of Champaign, and City of Urbana are also on the Executive Committee of the CSPH. Transitional housing has been an effective strategy for helping members of the sheltered or unsheltered homeless population learn necessary skills to ensure that they are able to maintain permanent housing. This fiscal year, the City of Urbana administered the Emergency Solutions Grant on behalf of Crisis Nursery and C-U Men's Emergency Shelter for operating funds. City of Urbana also volunteered during the 2021 Point in Time unsheltered count.

Addressing the emergency shelter and transitional housing needs of homeless persons

The City of Urbana participates in the Champaign County Continuum of Service Providers to the Homeless by acting as a State recipient of ESG funds and serving on the Executive Committee. The City subgranted these funds to emergency shelters offered at C-U Men's Emergency Shelter and Crisis Nursery. Through a partnership with the City of Champaign's Neighborhood Stabilization Program, Courage Connection has six affordable housing rentals in the community. Through this program, Courage Connection's clients and other community members in need of affordable housing now have additional quality options in Champaign.

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: likely to become homeless after being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); and, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs

The City of Urbana and Urbana HOME Consortium work closely with the Housing Authority of Champaign County to ensure that affordable housing opportunities are made available within the Consortium geography. Many subrecipients of HOME funds, in addition to providing housing assistance, also perform case management and work with individuals who are either housing insecure or transitioning into homeownership to develop necessary self-sufficiency components in their HOME

funded TBRA programs. The City of Urbana's Transitional Housing Program also includes case management and a self-sufficiency component.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again

The CDBG funded City of Urbana Transitional Housing Program is specifically designed to leverage City-owned property and use it to house families working toward permanent housing and independent living. The City of Urbana and Urbana HOME Consortium members also work together with the Champaign County Continuum of Service Providers to the Homeless to ensure that the needs of homeless households in the Consortium geography are being met to the greatest extent possible. As mentioned above, many subrecipients of HOME TBRA funds perform case management and work with individuals who may be formerly homeless to develop necessary self-sufficiency skills.

Think Urbana is a program of the Urbana Enterprise Zone that provides financial incentives including property tax abatement and sales tax exemptions to eligible residential, commercial, and industrial construction within the Zone. The tax abatements can function to significantly lower the cost of new housing construction within the Urbana Enterprise Zone.

Actions taken to address obstacles to meeting underserved needs. 91.220(k); 91.320(j)

The City of Urbana has continued working with the Housing Authority of Champaign County to remove barriers to affordable housing. The City has also successfully worked with Habitat for Humanity, who received HOME funding from the Urbana HOME Consortium, to remove the barriers to affordable housing. Habitat works with families to purchase affordable housing by working with them to improve their credit and by offering down payment assistance.

Actions taken to reduce lead-based paint hazards. 91.220(k); 91.320(j)

The Grants Management Division of the City has continued to ensure compliance with Title X lead based paint regulations. The Grants Management Division staff is committed to meeting these obligations through the most cost-effective methods available. The City of Urbana is required to hold refresher courses at least once every three years. Actions taken to develop institutional structure. 91.220(k); 91.320(j)

Urbana staff has worked to foster creative ideas for improving the institutional structure that is part of a larger, more holistic network of services that benefit low-income households. By supporting various social service agencies through staff participation on the Council of Service Providers to the Homeless, the City of Urbana has played a role in developing programmatic improvements that will further the impact of these services in the community.

Actions taken to enhance coordination between public and private housing and social service agencies. 91.220(k); 91.320(j)

Urbana staff regularly attends board meetings for the Housing Authority of Champaign County. The City has also maintained an active presence on the Champaign County Continuum of Service Providers to the Homeless, offering assistance with various reporting and application systems inherent to the successful delivery of the Continuum of Care network.

Identify actions taken to overcome the effects of any impediments identified in the jurisdictions analysis of impediments to fair housing choice. 91.520(a)

One recommendation from the latest Analysis of Impediments of Fair Housing Choice undertaken in 2010 was that 1) the City should work with Persons Assuming Control of their Environment (PACE) to create better cooperation between the landlords and realtors of the area, facilitating the housing process for persons with disabilities and ensuring that the accessible housing units listing be as up-to-date as possible; and 2) that the Grants Management Division should work together with the Human Relations Commission and the Champaign Urbana Tenant Union to create a marketing strategy aimed at better educating community members of their rights as tenants and homeowners. The Grants Management Division works closely with the Human Relations Office at the City of Urbana to establish a mutual understanding of recent fair housing complaints. The age of housing in the City of Urbana was cited as another impediment to fair housing due to the affordability issues created by upkeep for older homes, since maintenance could be deferred at times.
