Board of Trustees
Fire Department Pension Fund
Urbana, Illinois

We have examined the statement of assets, liabilities, and fund balance arising from cash transactions of the Fire Department Pension Fund of Urbana, Illinois, as of April 30, 1974, and the related statements of revenue collected and expenses paid and changes in fund balance for the year then ended. Our examination was made in accordance with generally accepted auditing standards and accordingly included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

In our opinion, the aforementioned statements present fairly the assets, liabilities, and fund balance arising from cash transactions of the Fire Department Pension Fund of Urbana, Illinois, as of April 30, 1974, and the revenue collected and expenses paid and the changes in fund balance during the year then ended.

NOTES TO FINANCIAL STATEMENTS

Fire Department Pension Fund

City of Urbana, Illinois

April 30, 1974

1. Accounting Policies - The Fire Department Pension Fund reports are prepared on the cash basis method of accounting. That is, income is recognized when cash is received and expenses are recorded when cash is disbursed.

The principal assets not listed because of the cash basis method of accounting are net taxes receivable of \$131,568.00, interest receivable of \$2,604.37, and the contribution of City of Urbana to the pension fund of \$2,389.07 for 1973-74, all of which are to be received in the next fiscal year.

2. Automatic Increase Reserve - The September 1971 amendment to the Illinois Pension Code specifies that an Automatic Increase Reserve is to be established and maintained into which 1/2% of participants' salaries withheld from the participants and an equal amount contributed by the municipality is to be allocated. An additional allocation for interest of 4% on the beginning reserve balance is to be made each year. For 1974, the additional amount allocated to this reserve was 1/2% of participants' salaries, \$2,389.07; the city's contribution, \$2,389.07, that is receivable as of April 30, 1974; plus 4% interest on the beginning balance of \$317.57 for a total increase of \$5,095.71.
3. Statutory Reserve - As amended in September 1971, the Illinois Pension Code also requires the establishment and maintenance of a reserve to ensure the payment of obligations incurred under the pension code. The minimum as specified in the code is to be no less than \$1,000 per 1,000 inhabitants in the municipality concerned. The most recent population figure for the City of Urbana was 34,724 people. Thus, the reserve was established for the year ended April 30, 1974, at \$35,000. This reserve is not to be considered as an actuarial reserve.
4. Actuarial Deficiency - At the present time an unfunded accrued liability of \$1,041,476.00 exists which is the required amount necessary to meet the actuarial reserve requirements of the State of Illinois Department of Insurance. This amount is being funded through tax levies for the next 34 2/3 years at \$56,053.00 per year. The

\$56,053.00 is included in the 1973 tax levy of \$131,582.00 with the remaining \$75,529.00 being levied to meet current requirements. The deficiency above occurred as a result of prior year's tax levies not meeting the minimum levy requirement as prescribed in Section 4-118 of the Illinois Pension Code.
