

## MEMORANDUM

**TO:** Urbana City Council  
**FROM:** Diane Wolfe Marlin, Mayor  
**DATE:** April 25, 2022  
**RE:** Board and Commission Appointments

I am pleased to submit the following Appointment for your approval:

**Plan Commission – term ending June 30, 2025****William Andresen**

Will Andresen is a 27 year resident of the City of Urbana and works as an Automated Data Collection Coordinator for Applied Pavement Technology. He coordinates data collection efforts and manages projects while utilizing GIS software to simplify and enhance productivity for the company and its clients.

*“I take great pride in this city and what it has to offer. I’ve been incredibly fortunate to live in the same place for so long, being a part of a community that I constantly find new ways to connect and interact with, as well as give back to, even after all these years. I earned my graduate degree in urban planning to better understand and explain my surroundings, but even more so to improve my community. I may not be a direct planner now, but I have keen grasp of planning principles and would like to join Urbana’s Plan Commission to help utilize those skills in any way I can; not just to improve the locale for myself but for the entire community.”*

Will holds a Bachelor degree in Geography and Geographic Information Science and a Masters in Urbana Planning, both from the University of Illinois Urbana-Champaign. He also worked as a Graduate Intern for Illinois Extension in Community & Economic Development, and was a Planning Intern here at the City of Urbana.
