

The Curtis Road Corridor Study includes 4.6 miles of Curtis Road from Neil Street/US 45 to High Cross Road/IL 130. The goal of this study is to identify infrastructure that facilitates mobility within and between the surrounding jurisdictions as well as supports and protects the disparate surrounding land uses, including the University of Illinois agricultural research and educational fields known as the South Farms.

PUBLIC WORKSHOP

Join us for an overview of our work to date and an opportunity to provide input:

What are your priorities for the Curtis Road Corridor?

Saturday, February 18, 2017 8:30-11:00 AM

Church of Christ, 2601 Philo Road, Urbana

(NW corner of Philo and Windsor)
