FOR IMMEDIATE RELEASE

September 23, 2024

INTERMITTENT ROAD CLOSURES/BITUMINOUS SURFACE TREATMENT MAINTENANCE

Weather permitting, there will be intermittent road closures citywide from 7 a.m. on Thursday, September 26, 2024 to 5 p.m. on Tuesday, October 1, 2024. Illiana Construction will perform street maintenance on streets throughout the City of Urbana. Please see the map for more detailed locations. The contractor will install a layer of oil and a layer of small gray rock. There will be some dust and loose rock on the street after placement. The contractor will sweep up the loose rock two weeks after the initial placement. Each closure is expected to last 15 to 30 minutes each with local traffic being maintained as much as possible, though access to entrances and side streets may be temporarily restricted during the closures.

Motorists are encouraged to drive carefully through this and all construction areas. Thank you in advance for your patience and cooperation during this project. Please direct questions or concerns to Mr. Chase Hinton at 217-384-2342 or cthinton@urbanaininois.us

For more information about the City of Urbana, please visit urbanaininois.us. Information about current and upcoming road closures can also be found in the [online map](#).
