FOR IMMEDIATE RELEASE

August 4, 2023

SEWER MANHOLE INSPECTIONS

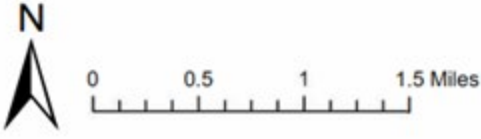

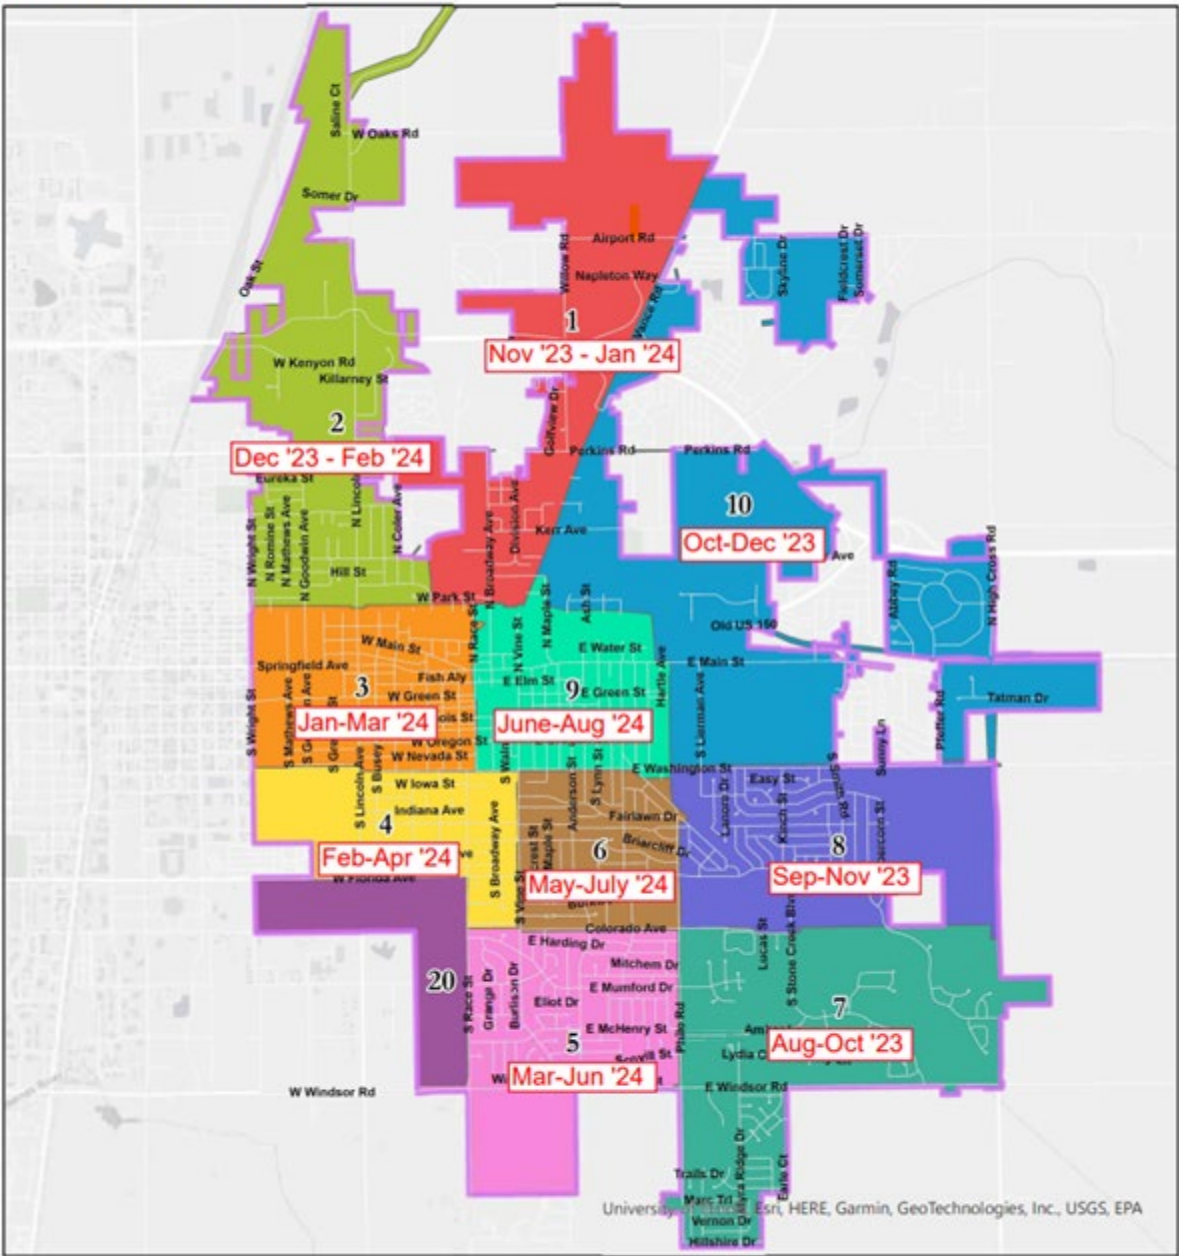

Beginning August 8th, the City's sewer manhole inspection consultant Gewalt Hamilton Associates of Vernon Hills, Illinois will begin their inspections to collect sewer location data and assess manhole conditions for the City's sanitary and storm sewer systems.

Inspections will be completed in the approximate order shown on the attached map. The sewer manhole inspections will provide current and accurate data for the City-wide storm and sanitary systems for better informed maintenance, planning, and analysis. It is expected that it will take Gewalt Hamilton Associates about one (1) year to complete this work, weather permitting. Streets will generally remain open to traffic during operations; however, please exercise caution when traveling through work areas.

Thank you in advance for your patience and cooperation during this project. Questions or concerns may be directed to Mr. Ray Garcia at **(217) 384-2343** or rlgarcia@urbanainllinois.us.
