**RE: Permit Modification Application Withdrawal
Emulsicoat, Inc. - University Avenue
Urbana, Illinois
ID: 019105ACV**

Dear Mr. Marr,

Emulsicoat, Inc. (Emulsicoat) submitted a permit modification application for our facility located at 705 East University Avenue in Urbana, Illinois dated December 21, 2020. The purpose of this application was to have the Illinois Environmental Protection Agency (IEPA) transition the facility from a Registration of Smaller Sources (ROSS) to a Lifetime Operating permit (LOP). Upon further communication with the IEPA, it has come to Emulsicoat's attention that the application to modify the permit was unnecessary due to the permitting program structure and applicable regulatory requirements. Emulsicoat was not aware that the ROSS issued by the IEPA in 2012 did not replace the LOP issued by the IEPA in 2005. Emulsicoat greatly appreciates the IEPA's assistance with this matter, and respectfully requests that the IEPA withdraw the permit application.

If you need additional information, please do not hesitate to contact me at 317-434-4601 or sclark@asphalt-materials.com.

Sincerely,

Sarah Clark
Environmental Compliance Manager
