URBANA CITY COUNCIL WARD REDISTRICTING

The City of Urbana is redistricting its City Council Wards. As a result of the 2020 Census, the City's Official Population decreased by approximately seven percent. Ward boundaries must now be adjusted to reflect the 2020 Census and have equally balanced populations between wards.

After receiving nine proposed maps in a public submittal process, three finalists for further review and consideration have been selected by the Urbana City Council. The public is invited to review the maps and provide feedback. A final map is tentatively scheduled to be selected at the June 3, 2024, Committee of the Whole meeting.
