TASK FORCE INFORMATION:

The I.D.O.T. Traffic Stop Data Task Force was established by Urbana City Council Resolution NO. 2014-01-002.

The Task Force is charged with identifying and studying any racial disparities that may exist in local traffic stop data supplied annually to the City by the Illinois Department of Transportation (I.D.O.T.), and attempting to find the source and cause of any disparity. The Task Force is directed to examine multiple aspects of the traffic stop data, including race, driver age, residence, stop time, stop location, the reason for the stop, vehicle age, and any other information the Task Force finds to be useful. The Task Force will also look beyond traffic stop data to consider census and unemployment data, high school graduation rates, and incarceration statistics from the September 2013 study of the Champaign County justice system.
